

A CHANCE  
IN LIFE

# Ambassadors of A Chance In Life

Our mission is to provide “a chance in life” to marginalized and at-risk young people around the world, empowering them through our unique approach of Positive Youth Development. We are committed to creating lasting changes in the lives of children and their communities to break the cycle of poverty.

## What it means to be an Ambassador

A Chance In Life Ambassadors advocate and champion our mission by securing financial support for a specific country or region where we serve vulnerable children and youth.

### Terms of Membership

An Ambassador commits for a three-year term and is subject to renewal following established guidelines. Terms can be renewed based on evaluation and alignment with membership objectives.

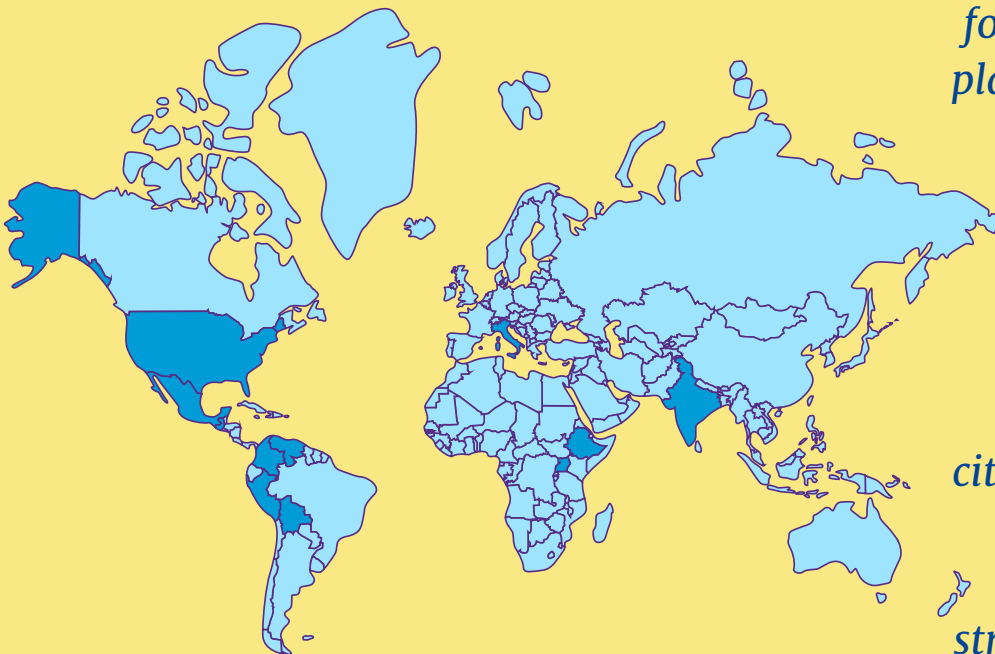

### An Ambassador's Specific Contribution

*Each Ambassador is tasked with representing a specific country or region and is required to contribute \$50,000 over a span of three years. Furthermore, they are encouraged to coordinate supplementary fundraising initiatives to provide further assistance to the designated country.*

### Annual Meeting

*Ambassadors gather once a year, usually in Rome, Italy for strategic discussions and planning sessions. We highly encourage attendance at this event, especially as exclusive tours may be organized in conjunction with the Annual Meeting. Regular meetings in key cities, such as New York City, help to ensure ongoing communication and streamline decision-making among the members.*

## Access to Exclusive Trips

Ambassadors have the opportunity to visit A Chance In Life programs worldwide, offering them firsthand exposure and the chance to engage directly with beneficiaries, thereby enhancing their understanding of the programs.

## Recognition

Ambassadors are officially acknowledged in public events, printed materials, and social media. Additionally, their contributions are eligible for tax deductions.

# Would you be willing to provide children like Lucero with *a chance in life*?

Lucero, a 12-year-old girl from Bolivia, comes from a large family of 11 members. Living in a small rural village, she lacked access to high school facilities. After joining Centro de Acogida Maria Inmaculada, and thanks to generous donors like you, she now has the opportunity to attend high school and dream again of a brighter future. Lucero actively engages in her studies and has found a passion for arts and crafts. Her dream is to complete high school successfully and pursue technical studies in tailoring and dressmaking.

*By serving as an Ambassador, you can help children like Lucero achieve their dreams.*
